Comfort Flow

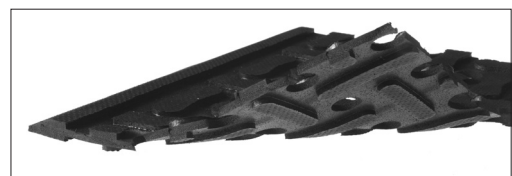

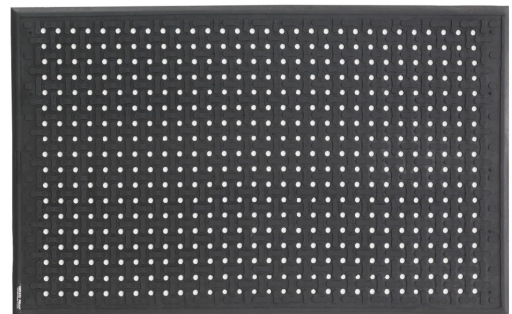

A very soft, flexible workplace mat that provides good comfort on hard floors. The rugged pattern makes it non-slip and the open design lets liquids through to drain away while also ventilating the floor. It is made of 100% nitrile rubber, making it highly resistant to oils, grease, chemicals and cutting fluids. It is treated with antimicrobials to reduce bacterial growth, which also makes it suitable for use in environments with high standards of hygiene such as restaurant kitchens. It has an extra robust, bevelled edge that reduces the risk of tripping.

Properties:	Strain-relieving, non-slip
Material:	Nitrile rubber, antimicrobial treatment.*
Thickness:	12 mm
Oil resistance:	Long exposure.
Temperature range:	-35°C – +120°C
Fire resistance class:	D.O.C. -FF-1-70 (Pill test)
Environment:	Heavy industry, wet environments, food, welding, cutting fluids.
Care:	Flush off or use dishwasher; can handle disinfection with antiseptic chemicals. Autoclaves safe.

Art. no.:

56 x 85 cm	381105	83 x 277 cm	389500
83 x 140 cm	381106		

Long exposure

*Treated with the biocides zinc pyrithione and thiabendazole in order to reduce the growth of micro-organisms. Low risk of environmental impact when using and cleaning the product. No special measures necessary at end of service life.
