Yoga Tuff Extra

Yoga Tuff (Tough) Extra is a modular mat with linkable 91 × 91 cm sections that can easily be extended to the desired size; each module has a fixed link on one side which makes it easy to connect to the next module. Yoga Tuff Extra is ventilated with a hole pattern; it has excellent non-slip properties. Small projections on the underside raise the mat to ventilate the floor. The especially dense rubber compound makes it difficult for bacteria to gain a hold. The nitrile rubber content means it is able to withstand oils, grease and chemicals while making the mat highly hard-wearing and heat resistant. The mat can be finished with bevelled edges.

Properties:	Soft, cushioning.
Material:	Blend of nitrile and natural rubber.
Thickness:	15 mm
Oil resistance:	Long exposure.
Temperature range:	-20°C – +60°C
Fire resistance class:	-
Environment:	Wet environments, bars; places with high hygiene standards such as the food industry. Warehouses and heavy industry. Handles oils, grease and chemicals.
Care:	Sweep; wash with de-greasing detergent (pH 4.0-9.0). Withstands pressure wash up to 60 psi.
